

## Year 2 SSC Menu Modules

- Clinical Research Advancing Healthcare for The Future
- Demystifying The Microscope! Histology For Clinical Medicine
- Development of a Digital Anatomical Resource (including dissection experience)
- Epidemic & Pandemic Disease:
- European Narratives of Illness 1783-1933
- Forensic Toxicology and Graduate Attributes
- Genetic Disease: From the Lab to the Clinic
- Genetic Technologies in Disease
- Global & Travel Health
- Health Inequalities and the Social Determinants of Health
- Improving Public Health awareness through a targeted digital campaign!
- Introduction to Pain Management
- Introduction to Precision Medicine
- Introduction to Sustainable Healthcare and Climate change
- Medical Ethics
- Medical SSC Stage 1: Chinese - MFL1022
- Medical SSC Stage 1: German - MFL1024
- Medical SSC Stage 1: Spanish - MFL1026
- Medical SSC Stage 2: French - MFL2013
- Patient Safety and Adverse Events
- Research Methods
- Reviewing Written Assessment & Writing MCQs
- Skin biology in Cancer and Disease
- Spirituality and End of Life Issues
- Supporting Health Professionals Working in Breast Cancer
- Surgical Oncology: Colorectal Cancer
- Women's Health

## Year 3 SSC Menu Modules

- 1st Metatarsophalangeal Joint Fusion
- A National Registry of Barrett's Oesophagus Patients
- Academic Research General Practice
- Acute Knee Surgery and Lower Limb Trauma Surgery
- Acute Medicine
- Acute Medicine: Delivering Quality Care
- Adult Critical Care
- An Introduction to Clinical Endocrinology
- An Introduction to Public Health Needs Assessment
- An Introduction to Vascular Surgery and Outcome Based Research

- Anaesthetics and Intensive Care Medicine
- Barrett's Oesophagus in Scotland
- Basics of Critical Care Medicine
- Benefits and Challenges of Patient and Public Involvement in Research
- Cardiac and/or Thoracic Surgery
- Cardiology
- Cardiothoracic
- Cleft Care & Cleft Surgery
- Clinical Haematology
- Clinical Research: Advancing Healthcare for the Future
- Clinical Rheumatology and Biologic Drug Tapering.
- Cognitive Neuroscience and Nootropics from An Ethical Perspective
- Critical Care
- Critical Care Medicine
- Developmental Endocrinology
- Dermatology
- Design in Healthcare
- Developmental Endocrinology
- Diabetes in Challenging Settings: The Scottish Prison Experience
- Diagnostic and Interventional Radiology
- Diversity in Medical Education
- Dynamic Diabetes FVRH
- Emergency Medicine and Immersive Simulation
- Epidemic & Pandemic Disease
- Foetal and Maternal Medicine
- General Overview of Paediatric Intensive Care Medicine
- General Practice
- General Practice and Deep End Patients
- General practice and Frailty and care of the elderly and LGBTQI and Intersectionality and Multimorbidity and Treatment Burden and Realistic Medicine
- General practice and Frailty and Care of The Elderly and Realistic Medicine and Multimorbidity and Treatment Burden
- General Practice and Multimorbidity and Treatment Burden General Practice and Realistic Medicine
- General Practice and Multimorbidity and Treatment Burden, Deep End Patient, Frailty and Care of the Elderly
- Genetic Technologies in Medicine
- Genetics Technologies in Disease Prevention
- "GreenED"
- Haematology Malignancy
- Head and Neck Cancer
- Holistic Care Introduction to Integrative Medicine
- Hospital Acquired Infection in Spinal Cord Injury
- How to Interpret Guidelines from Data to The Clinical Setting
- Inherited Cardiac Conditions
- Innovations in Sexual Health
- Intensive Care
- Introduction to Clinical Genetics and Genomics

- Introduction to Clinical Orthopaedic Surgery
- Introduction to Diagnostic and Interventional Radiology
- Intro to Liaison Psychiatry
- Introduction to Robotic Prostatectomy
- Limb Reconstructive or Peripheral Nerve Surgery
- Literature Review on Surveillance of Ileo-anal Pouch Anastomosis
- Lung Cancer: Patients' Journeys from Referral to Treatment
- Maxillofacial Head and Neck Oncology
- Morbidity and Mortality Amongst Patients with Chronic Liver Disease
- Neonatal Medicine
- Neurotology
- Nephrology and Renal Transplant
- Nephrology and Transplantation
- Obstetric Anaesthesia
- Oncoplastic Breast Surgery
- Paediatric Anaesthesia & Pain Management
- Paediatric Chronic Pain
- Paediatric Endocrinology
- Paediatric Infectious Diseases
- Palliative Medicine
- Perinatal Mental Health
- Pelvic Surgical Oncology
- Physiological Adaptations to Rock Climbing
- Problem Asthma Determinants and Management
- Professionalism in social media
- Quality Improvement in The Emergency Department
- Renal
- Realistic Medicine and Deep End Patients
- Renal Cancer Surgery
- Renal Medicine
- Renal Replacement Therapy
- Renal transplantation and Renal Failure Surgery
- Respiratory Medicine
- Rheumatology Biologic Tapering
- Simulation and Safety
- SSC Infection
- Skeletal Development and Growth in Children Including Chronic Diseases, Endocrine And Rare Bone Disorders
- Sustainability In Surgery
- The Hidden Depths of Old Age Psychiatry
- The Diagnosis and Treatment of Liver Disease
- The Hearing-Impaired Child Programme
- The Highs and Lows of Metabolic Disorders
- Upper GI Surgery
- Urinary Biomarkers for Oxidative Stress in Children
- Vascular Surgery
- What Does a Neurologist Do in A DGH?

## Year 3 SSC Self-Proposed Modules

- An Introduction to Aviation and Space Medicine
- An Introduction to Hand Surgery & Research
- An Introduction to Paediatric Orthopaedic Surgery
- An Introduction into Robotic Surgery
- An Introduction to Total Hip and Knee Replacements and Measuring Patients Post Operative Pain
- Breast Cancer: A Multidisciplinary Perspective
- Clinical and Scientific Aspects of Biliary Cancer
- Clinical Neurology and Neurosurgery
- Cardiothoracic Surgery
- Colorectal Surgery Clinical Research
- Colorectal Surgical Research
- Data Analytics with R Studio Programming in Anaesthesiology
- Digital Health and Hypertension Management
- Endocrinology and Diabetes
- ENT Surgery
- Evaluating the Incidence and Management of Hospital Acquired Infections in Spinal Cord Injury
- General Overview in ENT
- Global Learning Partnership
- Humanities and Palliative Care
- Head and Neck Cancer
- Introduction to Diagnostic Radiology in Clinical Practice
- Introduction to Medical Dermatology
- Introduction to Paediatric intensive care
- Introduction to Plastic Surgery
- Mycoplasma Induced Mucositis
- Myeloid Leukaemia
- Neuropsychology in Patients with SAH & Anatomy of Facial Artery
- Journey of Major Trauma
- Lower Limb Reconstruction and Orthoplastic Surgery
- Oral and Maxillofacial Surgery
- Orthopaedic
- Paediatrics ENT Surgery
- Palliative Care
- Prison Medicine; Exploring the Multifaceted Complexities of Health and Disease in Some of The Most Vulnerable Members of Society.
- Recent Advancements in Modes of Contraception Used for Sexual and Reproductive Health
- Sharpening Occam's Razor:
- The Evolution of Cosmetic Medicine
- The Present and Future of Assisted Dying in Scotland
- TKR Requirement in Patients Following Tibial Plateau Fracture

## Year 4 SSC Menu Modules

- A Review of The Application of Staples on 1st Metatarsophalangeal Joint Fusion
- Acute Knee Surgery and Lower Limb Trauma Surgery
- Acute Medicine
- Acute Medicine at Forth Valley
- An Audit with Neurosurgery Department
- An Insight into Acute Medicine
- An Introduction into Obstetrics and Gynaecology
- An Introduction to Anaesthesia and Associated Sub-Specialties
- An Introduction to Dermatology
- An Introduction to Emergency Medicine
- An Introduction to Forensic Pathology
- An Introduction to Obstetrics and Gynaecology
- An Introduction to Public Health Needs Assessment
- An Introduction to The Day-To-Day of Emergency Medicine
- An Overview of Remote and Rural Obstetrics and Gynaecology
- Anaesthesia and the Unconscious Patient
- Anaesthesia- Experiencing the Perioperative Journey
- Anaesthesia, Peri-Operative Medicine and Critical Care
- Anaesthetics & Critical Care
- Anaesthetics and Perioperative Medicine
- Antimicrobial Resistance: A Struggle at Local and Global Fronts
- Barrett's Oesophagus National Registry
- Basics of Critical Care Medicine
- Breast Cancer: A Multidisciplinary Perspective
- Cardiac Devices
- Cardiac Intensive Care Unit
- Cardiac Surgery
- Cardiology Medicine
- Cardiology SSC in Poland: Integrative Research and Clinical Experience in a Cardiac ICU
- Cardiothoracic and Cardiological Critical Care in the West of Scotland
- Chronic Kidney Disease: Aetiology, Epidemiology, History and Genomic Developments
- Chronic Liver Disease and Liver Cancer
- Clinical Anaesthesia in General Surgery and Obstetrics
- Clinical and Research-Based Aspects of Paediatric Cardiothoracic Surgery
- Clinical Cancer Genetics
- Clinical Genetics
- Clinical Genetics of Neuromuscular Disorders
- Clinical SSC in Acute Medicine
- Cognitive Neuroscience and Nootropics from an Ethical Perspective
- Common Clinical Conditions in General Practice
- Cost of Living Crisis: A Public Health Emergency
- Critical Care
- Critical Care Medicine
- Deep End Practice

- Deprivation, Treatment Burden, Multi Morbidity
- Dermatology
- Design in Healthcare
- Developing an MVP for An Application That Aims to Reduce Childhood Obesity
- Diabetes and Endocrinology
- Dynamic Diabetes
- Dynamic Diabetes – Early Intervention and Technology
- Emergency Medicine
- Emergency Medicine and Immersive Simulation
- Epidemic & Pandemic Disease: Causes, Characteristics, Effects, Diagnosis, Management & Prevention
- Epidemiology, Pathophysiology, Pathogenesis, Pathology, Investigation and Management of Children and Adult Congenital Heart Disease
- Exploring Cardio-Oncology Through Research and Clinical Experience
- Exploring the Clinical Research for Congestion in Heart Failure
- General Surgery and Clinical Research Skills
- Genetic Technologies in Disease Prevention, Diagnosis and Management
- Genetic Technologies in Medicine
- Geriatric Care in The Community – Exploring the Evolving Roles of GPs in Today’s Ageing Population
- Growth and Skeletal Development in Healthy Children and Rare Bone and Endocrine Conditions
- Gynaecological Oncology
- Haematology
- Holistic Care: Introduction to Integrative Medicine
- Improving Recognition and Management of Frailty in Unscheduled Care
- Improving the Quality of Disease Monitoring in Systemic Lupus Erythematosus (SLE)
- In The Deep End - Quality Improvement in Primary Care
- Infectious Diseases
- Infectious Diseases in Clinical Practice
- Inherited Cardiac Conditions
- Innovation in Sexual Health
- Internal Medicine
- Internal Medicine & Family Medicine in Singapore General Hospital
- Internal Medicine in Kuwait
- International Research Community on Multimorbidity - Literature Update
- Introduction to Clinical Genetics and Genomics
- Introduction to Clinical Orthopaedic Surgery
- Introduction to Clinical Research
- Introduction to Diagnostic and Interventional Radiology
- Introduction to ENT, Head and Neck Surgery
- Introduction to Neonates
- Introduction to Orthopaedic surgery
- Introduction to Psychiatry
- Introduction to Remote and Rural Primary Care
- Introduction to Robotic Prostatectomy
- Introduction to Vascular Surgery

- Journey of a Stroke Patient: From ED To Rehabilitation
- Liaison Psychiatry - Interface Between Physical and Mental Health
- Literature Review on Surveillance of Ileo-anal Pouch Anastomosis
- Lower limb Arthroplasty -Hip and Knee Replacements
- Management of Hyperkalaemia in University Hospital Hairmyres
- Mechanical Thrombectomy for Treating Intermediate High- and High-Risk Pulmonary Embolism: A Retrospective Cohort Study to Assess Service Requirements and Potential Benefits in The Southwest Scotland Vascular Network
- Minimally Invasive Surgery for Renal Cancer
- Morbidity and Mortality Amongst Patients with Chronic Liver Disease
- Navigating the Neurosurgical Landscape: A Primer for Medical Students
- Need for Use of Available Technology in The Management of Type 1 Diabetes in The Maldives
- Nephrology and Transplantation
- Neurobehavioral Side Effects of Levetiracetam in The Brain Tumour Population
- Neuroscience and Nootropics from an Ethical Perspective
- Neurotology and Vestibular Disorders
- Obstetric Anaesthesia
- Obstetrics and Gynaecology
- Oculoplastics and Ocular Oncology
- Oncology
- Oncology with a Urological Slant
- Oncoplastic Breast Surgery
- Ophthalmology with a Look at the Cornea
- Orthopaedic Research and Audit
- Overview of Respiratory Medicine and Pleural Diseases
- Paediatric Anaesthesia and Pain Management
- Paediatric Cardiac Tumours
- Paediatric Cardiology
- Paediatric Chronic Pain
- Paediatric Emergency Medicine
- Paediatric Endocrinological – Growth and Puberty Disorders
- Paediatric Endocrinology
- Paediatric Endocrinology and Diabetes
- Paediatric Haematology and Oncology
- Paediatric Infectious Diseases and Immunology
- Paediatric Neurosurgery
- Paediatric Respiratory/General Paediatrics
- Paediatric Thoracic Surgery
- Palliative Medicine Marie Curie Hospice Glasgow
- Pandemic & Epidemic Disease
- Pelvic Oncological Surgery
- Perinatal Mental Health
- Precision Medicine in Cancer (Haematological and Solid Malignancy)
- Primary care in Deep End Practices, Effects of COVID 19 Pandemic
- Problem Asthma: Determinants and Management

- Professionalism & Medical Education
- Project-Based SSC in Infection
- Quality Improvement in the Emergency Department
- Renal Cancer Surgery
- Renal Transplantation and Renal Failure Surgery
- Research in Head and Neck Surgery
- Respiratory Medicine
- Review of Lower Limb Trauma Outcomes in Plastic Surgery
- Robotic Colorectal Cancer Surgery
- SCC in Oncology
- Severe OMFS Infections: The Central Scotland Experience
- Silver Trauma
- Simulation and Safety
- SSC in Upper GI Surgery
- Surgical Practise and Research in Cardiac Surgery
- Surveillance After Bowel Screening Colonoscopic Polypectomy
- Sustainability in Surgery
- Sustainable Healthcare and Climate Change
- The Genetic Inheritance, Technologies and Developments in Van der Woude Syndrome
- The Hearing-Impaired Child
- The Highs and Lows of Metabolic Disorders
- To Create a Database for Pituitary Services and Looking at Outcomes of Certain Pituitary conditions
- Trauma and Orthopaedics
- Urology: Renal Cancer Surgery
- Vascular Surgery
- What does a Neurologist do in a DGH?

## Year 4 SSC Self-Proposed Modules

- Acute Medicine
- An Audit of the Evidence of Genetic Testing in the Management of Patients Under 50 Years Diagnosed with Colorectal Cancer.
- An Audit with Neurosurgery Department
- An Insight into Acute Medicine
- An Introduction into Obstetrics and Gynaecology
- An Introduction to Anaesthesia and Associated Sub-Specialties
- An Introduction to Emergency Medicine
- An Introduction to Forensic Pathology
- An Introduction to Neonatology
- An Introduction to Obstetrics and Gynaecology
- An Introduction to Paediatrics
- An Introduction to The Day-to-Day of Emergency Medicine
- An Overview of Remote and Rural Obstetrics and Gynaecology
- An SSC in Cardiology

- Anaesthetics & Critical Care
- Antiepileptics Side Effects Profile in Brain Tumour Patients
- Antimicrobial Resistance: A Struggle at Local and Global Fronts
- Basics of Critical Care Medicine
- Basics of Critical Care Medicine and Anaesthesia
- Breast cancer: A Multidisciplinary Perspective
- Cardiology Medicine
- Cardiology SSC in Poland: Integrative Research and Clinical Experience in a Cardiac ICU
- Cardiothoracic Anaesthesia and Intensive Care
- Cardiothoracic and Cardiological Critical Care in the West of Scotland
- Cardiothoracic Surgery
- Cardiovascular Medicine
- Chronic Kidney Disease: Aetiology, Epidemiology, History and Genomic Developments
- CICU
- Clinical Anaesthesia in General Surgery and Obstetrics
- Clinical and Research-Based Aspects of Paediatric Cardiothoracic Surgery
- Clinical Cancer Genetics
- Clinical Genetics
- Clinical Genetics of Neuromuscular Disorders
- Clinical Pharmacology and General Medicine
- Clinical SSC in Acute Medicine
- Common Clinical Conditions in General Practice
- Dermatology
- Developing an MVP for an Application That Aims to Reduce Childhood Obesity
- Diabetes and Endocrinology
- Effectiveness of Glycopyrrolate Medication for The Treatment of Drooling in Children
- Emergency Medicine
- Epidemiology, Pathophysiology, Pathogenesis, Pathology, Investigation and Management Of Children and Adult Congenital heart disease
- Evolving Management of Children with Cystic Fibrosis with CFTR Modulators
- Exploring Cardio-Oncology Through Research and Clinical Experience
- Exploring the Clinical Research for Congestion in Heart Failure
- Gaining Insights into Alcohol and Drug Recovery Services.
- General Medicine + Surgery in a Rural DGH
- General Practice
- General Surgery and Clinical Research Skills
- Genetic Technologies in Disease Prevention, Diagnosis and Management
- Geriatric Care in the Community – Exploring the Evolving Roles of GPs in Today’s Ageing Population
- Gynaecological Oncology
- Improving Recognition and Management of Frailty in Unscheduled Care

- Improving the Quality of Disease Monitoring in Systemic Lupus Erythematosus (SLE)
- Internal Medicine & Family Medicine in Singapore General Hospital
- Internal Medicine in Kuwait
- Introduction to ENT, Head and Neck Surgery
- Introduction to Gynaecology and Obstetrics in Germany
- Introduction to Orthopaedic Surgery
- Introduction to Remote and Rural Primary Care
- Introduction to Vascular Surgery
- Lower Limb Arthroplasty Research
- Management of Hyperkalaemia in University Hospital Hairmyres
- Minimally Invasive Surgery for Renal Cancer
- Navigating the Neurosurgical Landscape: A Primer for Medical Students
- Need for use of available technology in the management of type 1 diabetes in the Maldives
- Obesity and bariatric surgery
- Oculoplastics and Ocular oncology
- Oncology
- Oncoplastic Breast Surgery
- Ophthalmology with a Look at the Cornea
- Orthopaedic Surgery
- Paediatric Cardiac Tumours
- Paediatric Cardiology
- Paediatric Emergency Medicine
- Paediatric Endocrinological – Growth and Puberty Disorders
- Paediatric Endocrinology
- Paediatric Neurosurgery
- Paediatric Respiratory/General Paediatrics
- Paediatric Thoracic Surgery
- Peripheral Vascular Surgery
- Review of Lower Limb Trauma Outcomes in Plastic Surgery
- Robotic colorectal cancer surgery
- SCC in Oncology
- Severe OMFS Infections: The Central Scotland Experience
- Skeletal development and growth in childhood chronic and endocrine disorders
- SSC in ENT/ Head and Neck Surgery
- Surgical practise and research in Cardiac Surgery
- Surveillance after Bowel Screening Colonoscopic Polypectomy
- The Hearing-Impaired Child
- To Create a Database for Pituitary Services and Looking at Outcomes of Certain Pituitary Conditions
- Validation of a Machine Learning Model to Predict Hypoglycaemic Events: Implications for Primary Care
